Heron (Cb) Ro Purifier – Commercial Cabinete System

Price : 46500.00 / ~~49000.00~~

Heron (Cb) RO Purifier – Commercial Cabinet System

Product Description:

The **Heron (Cb) RO Purifier – Commercial Cabinet System** is a high-performance water purification system designed to meet the demanding needs of commercial and industrial environments. Utilizing advanced Reverse Osmosis (RO) technology, this system effectively removes up to 99% of dissolved salts, contaminants, chemicals, and harmful microorganisms, ensuring clean and safe drinking water for your business.

This system features multi-stage filtration, including sediment, carbon block, and RO membranes, housed within a durable, easy-to-maintain cabinet. With a high flow rate of up to 300 gallons per day (GPD), it is ideal for factories, restaurants, schools, hospitals, and offices requiring large-scale water purification. Its sturdy design, high-pressure pump, and optional UV sterilization ensure longevity and reliable performance. The system's automatic shut-off feature and quick-connect fittings simplify installation and maintenance, making it a cost-effective, long-term solution for commercial water purification needs.

Key Features Heron (Cb) RO Purifier – Commercial Cabinet System:

Multi-Stage Filtration: Advanced filtration system with sediment filter, carbon block filter, RO membrane, and post-carbon filter.

High Capacity: Purifies up to 300 gallons per day, making it suitable for large commercial spaces.

Durable Cabinet Design: Built with a robust stainless steel or high-quality plastic cabinet for longevity and protection.

TDS Rejection: Effectively removes up to 99% of Total Dissolved Solids (TDS), chemicals, heavy metals, and pathogens.

Optional UV Sterilization: Provides an additional layer of protection by eliminating bacteria and viruses.

Automatic Shut-off: Conserves water and energy by automatically stopping when the tank is full.

Easy Installation and Maintenance: Comes with quick-connect fittings and requires minimal maintenance.

Energy Efficient: Designed to use minimal power while delivering high purification performance.

Applications of Heron (Cb) RO Purifier – Commercial Cabinet System:

Ideal for commercial use in **restaurants, factories, schools, offices, hospitals, and industrial** settings.

Specifications:

Specification	Details
Brand	Heron
Model	(Cb) RO Purifier – Commercial Cabinet System
Filtration Stages	6-7 Stage RO Filtration (depending on configuration)
Flow Rate	100-300 GPD (Gallons Per Day)
Storage Capacity	Customizable (up to 500 liters)
RO Membrane	Thin Film Composite (TFC)
Pump	High-pressure booster pump
Material	Stainless Steel / Durable Plastic
TDS Rejection	Up to 99%
Operating Pressure	100-300 psi
Inlet/Outlet Size	1/2", 3/4", or 1" NPT
Voltage	220V, 50/60 Hz
Dimensions	Customizable based on needs
Optional UV Sterilization	Yes
Safety Features	Automatic shut-off when the tank is full
Certifications	CE, RoHS

Why Choose Aquafit Technologies for Your Water related product

When it comes to selecting a water related product, Aquafit Technologies stands out as a top choice for several compelling reasons. Here's why our clients prefer us over others:

1. **Economical Pricing:** We offer high-quality product at competitive prices, ensuring that you get the best value for your money without compromising on quality.
2. **Rapid Service:** Our dedicated team provides quick and efficient service, addressing any issues or queries promptly to ensure your purifier remains in optimal condition.
3. **EMI Opportunities:** To make our products more accessible, we offer EMI options, allowing you to spread the cost of your purchase over manageable monthly payments.
4. **Extensive Service Network:** With over fifty service centers across Bangladesh, we ensure that help is always close by, no matter where you are.
5. **Affordable Parts:** We provide parts at the lowest prices, making it economical to maintain your product and keep it running efficiently.
7. **24/7 Service Centers:** Our service centers operate around the clock, offering support whenever you need it, including evenings and weekends.
8. **100% Return Policy:** We stand by the quality of our products with a 100% return policy on any default items, ensuring complete customer satisfaction.
9. **Client Satisfaction First:** At Aquafit Technologies, we prioritize client satisfaction above all else, striving to exceed your expectations with every interaction.
10. **Flexible Payment Options:** We accept payments through more than 20 bank cards and mobile banking services, making transactions convenient and hassle-free.

Choosing Aquafit Technologies means opting for quality, reliability, and exceptional customer service. Experience the difference with our top-rated products and join the many satisfied clients who trust us for their water

purification needs.
